Acquisitions

The FAA purchases a wide variety of goods and services in support of the National Airspace System (NAS) as well as other divisions and programs.

All contractors must be registered in SAM(system for award management)

<https://www.sam.gov>. A Dun & Bradstreet number is required before you register in SAM.

All contractors must be set-up in FAA's Delphi financial system and must be able to receive electronic payments.

The following is a representative list of some of our common service acquisitions as well as WEB sites for FAA Business Opportunities and FAA Acquisition Regulations:
